Permission Request for Pet & Registration

"Pets may be kept or housed in the building only when expressly permitted in writing by the board and only if they are domesticated and are no more in number than 2 pets per condominium unit. Each owner who desires to keep a pet in the building shall apply in writing to the board for permission to keep such pet, which permission shall not be unreasonably denied if the requirements of the Paragraph are satisfied.

"In no event shall any pet be permitted in any of the public portions of the building or on the grounds surrounding the building unless carried or on a leash. Owners transporting pets to and from the building shall use only the service elevator.

"Each owner who keeps a pet in the building shall indemnify and hold all other owners and the board harmless against any damage, loss or liability of any kind or character whatsoever arising from or as a result of having such pet in the building.

"If a pet disturbs other owners by barking or biting or in other ways becoming obnoxious, the board will give notice to the owner of such pet to cause such annoyance to be discontinued, and if such annoyance is not discontinued and corrected immediately, the board may revoke its permission to keep the pet in the building and the pet shall be removed from the building.
